WalMart is too big now overpowering small businesses. Why are they wanting more power? It is becoming a very serious problem. Greed is taking hold and if they win this request many people will suffer. Wal Mart is already a huge power giant and becoming more powerful while continuing to treat their employees unjustly. They refuse to share their wealth with those people who are helping them to make their millions. Please do not give any more power to Walmart. It will be a disaster in the financial arena. It will destroy the existing banks and then what will we do.

I am counting on you to do the right thing and make the right decision.

Thank you for attending to this very important issue. There is so much at stake here.
